**Description:**

House your entire wardrobe in style with a luxurious walk-in closet solution. A combination of rods, shelves, drawers, and a hutch lets you organize tops, bottoms, and accessories with ease, sorting items by type or season. His-and-hers Shoe Shrine® towers display your entire collection of shoes and boots in individual spaces that can be adjusted to fit any pair.

Behind every well-dressed man is a well-equipped wardrobe. Whether you're hitting the gym or the town, it's easy to dress sharp for every occasion with the help of a custom closet solution.

Take an honest look at each of your wardrobes and how much space you need to accommodate them. Consider how much space each of you needs for shoes, folded clothes, and hanging garments such as shirts, slacks, suits and dresses. This is an ideal time to pare things down. Keep what you love and donate the rest.

Once you've decided how much space each of you needs, split the closet into two sections. A central tower of drawers or a hutch creates an attractive focal point and provides a dividing line that clearly marks off space for each of you.
